

Request for CXDI Control NE/RF License

Please complete this form in its entirety and return it with the License Request File (LRF) to Canon via e-mail at drsupport@mcu.canon. A license key will be created and sent by return e-mail. The LRF file should be created only after all connected sensors are successfully registered in the CXDI Control NE/RF software.

Select Optional software all that apply:

Scatter Correction

Advanced Edge Enhancement

Free Rotation

INR

BiAA
