Summit Industries online portal is a resource made available to service engineers and dealers. It is available 24/7 and can be accessed from a PC or a cell phone. The platform provides detailed guidance, error code references, parts lists, and integration support across our full portfolio of X-ray equipment.

Key categories covered include:

- **X-Ray Systems:** Aptitude, Dragon, Odyssey, and J500 units.
- **Generators & Integration:** CPI CMP 200, Summit Synergy HF, Sedecal SHFR/SHF, and HCMi HF300, including integration tools and upgrade kits.
- **Collimators & Buckys:** Includes models like R108, R225, and G800 series.
- **Tables & Tubestands:** Covers models such as S200 series, J700, M200 Nova OTS, and INTELLECT OTS.
- **Mobile & Mammography Systems:** Includes Agility C-Arms and Helianthus units.
- **Wallstands:** Comprehensive support for J1000, A-172F, and S100-series models.
- **Tubes:** Documentation for Toshiba (e.g., 7239, 7255, 7869) and Varian (e.g., RAD-12, RAD-74, RAD-92) models.
- **AEC Ion Chambers:** AID and Claymount configurations.
- **DR & Integration Support:** Integration documentation, including line frequency systems and DR-specific components.
