

NOVA STAGING: SIMPLIFIED

Hey there Subscriber,

The Nova production staging kit now includes **additional hardware and cabling** to simplify installation and improve overall system integration.

These updates are designed to **reduce install time, eliminate field modifications, and improve usability** right out of the box.

What's Been Added:

🔌 Power Adapter Cable (Nova → J1000)

- Direct power connection
- No cutting or splicing required

🔩 Unistrut Mounting Hardware

- Spring nuts + required fasteners included
- Supports complete longitudinal rail installation

🔌 Collimator Switch Adapter Cable

Enables remote collimator light control from:

- Collimator
- J1000 wall stand
- Generator hand switch (when equipped)

📖 Additional Setup Guidance

- Supports proper configuration with:

- M200 OTS
- Summit Table & Wallstand

Why It Matters

- ✓ Reduces install guesswork
- ✓ Improves system compatibility
- ✓ Eliminates field modifications
- ✓ Supports cleaner, more consistent installs
